Authorization for this examiner's amendment was given in a telephone interview with Joan Pennington on 12/09/05.

The application has been amended as follow:

Claim 1 line 10 after "mesh plane"; insert --, and wherein the step of selecting said fill method includes the steps of providing a plurality of fill methods, said fill methods including selected ones of a crosshair fill method, a single line fill method, a signal mirror fill method, a mesh shifting fill method, a corner fill method, and a complete fill method; and selecting one or a combination of said fill methods--.

Claim 2 has been canceled.

Claim 11 lines 12 after "mesh plane"; insert --, and wherein the step of selecting said fill method includes the steps of providing a plurality of fill methods, said fill methods including selected ones of a crosshair fill method, a single line fill method, a signal mirror fill method, a mesh shifting fill method, a corner fill method, and a complete fill method; and selecting one or a combination of said fill methods--.

Claim 12 has been canceled.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

2. Claims 1, 3-11, 13, and 14 are allowed because the prior art does not teach or suggest a method for creating customized mesh planes in electronic packages comprising the steps of: comparing signal traces in each adjacent plane to a mesh plane with a mesh layout of the mesh plane; identifying signal traces in each adjacent plane to the mesh plane adjacent to mesh holes in the mesh layout; selecting a fill method to replace selected mesh holes with added mesh structure of the mesh plane aligned with the identified signal traces in each adjacent plane to the mesh plane, and wherein the step of selecting said fill method includes the steps of providing a plurality of fill methods, said fill methods including selected ones of a crosshair fill method, a single line fill method, a signal mirror fill method, a mesh shifting fill method, a corner fill method, and a complete fill method; and selecting one or a combination of said fill methods.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
